

OUR MISSION IS TO ACCELERATE THE TRANSITION TO A CIRCULAR ECONOMY

We do this by :

FOSTERING CIRCULARITY | CREATING LIVEABILITY | REALISING SUSTAINABILITY ©
via Aichmi Realm i.e. The 7 Hubs.

1. **Aichmi Advisory**

Facilitating the transition of a company's business structure from the traditional linear economy to sustainable economy by incorporating United Nations' Sustainable Development Goals framework into the company's business plan.

2. **Ilmu Aichmi**

Creating holistic and quality education by subscribing to United Nations' Sustainable Development Goal No. 4 framework in the making of a global citizen. Nurturing the different types of intelligence in an individual and harnessing them with the values of the seventeen goals.

3. **Aichmi Wellness**

Promoting the integration of seven wellness dimensions into the state of an individual's well-being : social, environmental, spiritual, intellectual, occupational, emotional and physical.

4. **Aichmi Organic**

Advocating industry cultivation of natural foods produced without the use of any harmful fertilisers, pesticides or additives of which the consumption is healthier, safer and sustainable. Inculcating the habits of reducing food waste and preserving food at home. Encouraging households to grow their own herb and vegetable patches. Educating the urgency of composting, organic recycling and environment-friendly food packaging.

5. **Aichmi Apparel**

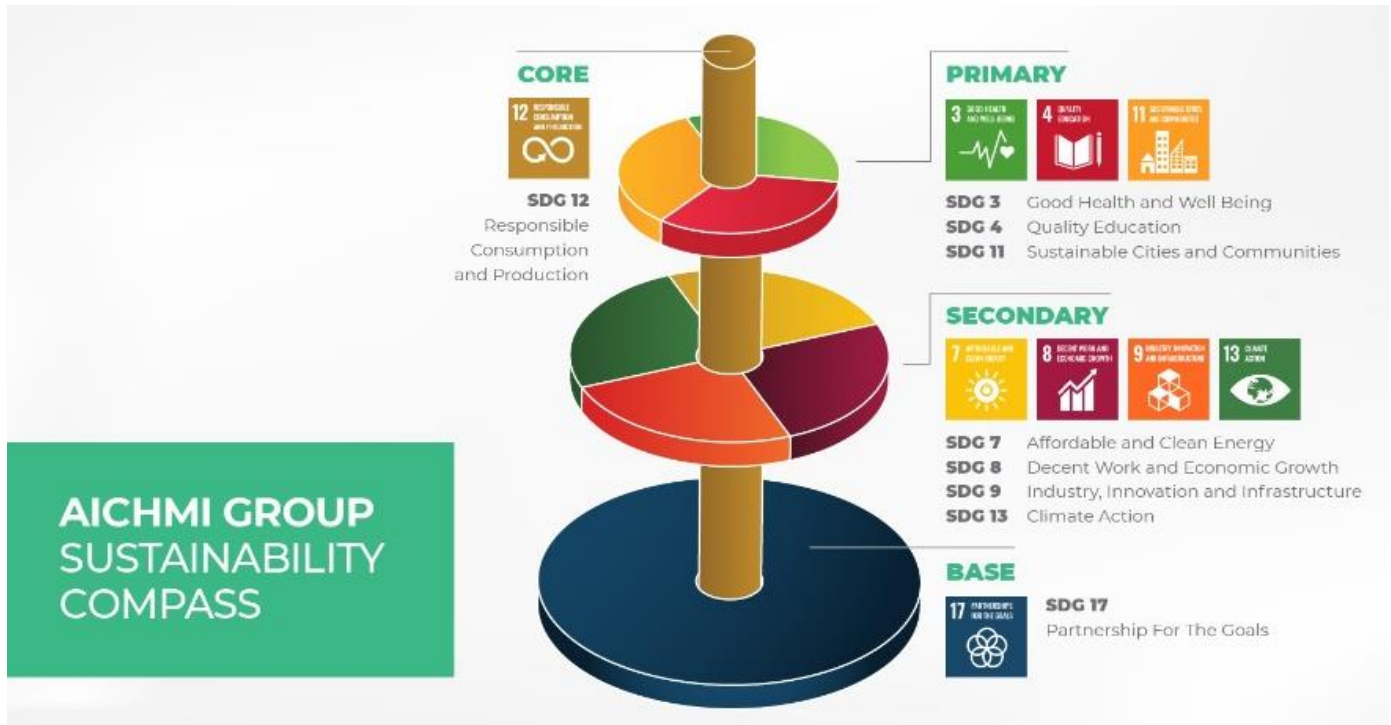

Promoting and collaborating with partners with the goal to recycle old clothes and turn them into new ones by producing in a manner that does not degrade the environment. Ensuring clothes are made from renewable materials with new business models advocating their usage.

6. **Aichmi Creative**

Nurturing creative achievement in lifestyle and innovative business practices through arts, cultural heritage and music while promoting a diverse and sustainable ecosystem for these disciplines.

7. **Aichmi Adventure**

Championing the fun of going outdoors, exploring nature and having adventures through play and activities in discovering the world around us. Forging a healthy relationship between human and nature.
